DUB WEEK 2024

A fundraising initiative to support the mental health wellness of Jenks students

Jenks DUB Week (Donate Ur Best) is the Jenks High School Student Council's annual philanthropy initiative. Since 2018, DUB Week has brought together the Jenks student body and community members to collaborate as one force working toward the same amazing goal.

Recent DUB Week achievements include raising \$80,000 for the Jenks Community Food Bank in 2023 and raising \$40,000 for the Make-A-Wish Foundation in 2022, benefitting Jenks children.

Each year, our Student Council selects a charity or organization from our community to be our DUB recipient. **This year, we are partnering with The Danny Christner Foundation and The Jenks Public Schools Foundation to give back to our student body at Jenks High School and improve the mental health wellness of our students.**

Studies have shown that outdoor spaces and relaxation rooms can provide a safe environment for students to reduce stress and anxiety—improving overall mental health. **With this important focus in mind, our goal is to raise \$150,000 to create two dedicated courtyard spaces for students to gather, build friendships, relax, and recharge.**

These spaces will be located at Jenks High School and will include one courtyard with a fun, engaging, community-building atmosphere, featuring turf and interactive yard games. The second courtyard will have a more relaxing, calming atmosphere, featuring green space, flowering plants, and furniture. Both spaces will be designed to be permanent, sustainable campus fixtures—benefitting generations of future students.
