Dear Community Partner,

Each year at Jenks High School we strive to teach our students all they will need to thrive in life. Yet, empathy is hard to teach inside the walls of a classroom. That is why each year Student Council has a philanthropy initiative to impact our community and develop empathy in our students.

This year we reached out to Make-A-Wish Oklahoma and found that they have four children in the Jenks community waiting on their wishes. Our Student Council students decided that we didn't want to grant just one, or two, or even three of those wishes, **THEY WANT TO GRANT ALL FOUR!** The average cost of a Wish is \$7,000 so we have set a goal of raising \$30,000 by April 29th. This is almost double what we raised last year for the Common Good Tulsa, so we are really stretching ourselves.

We would love to invite you to partner with us in reaching this goal. There are a ton of ways you can help and any contribution will be very appreciated.

Jenks Student Council DUB Week 2022

Jenks Student Council's annual philanthropy week is coming up soon and we would love your organization's help! DUB Week will be from April 25th-29th and we would use your sponsorship to donate to Make-A-Wish Oklahoma. We have found four children in our community that have been diagnosed with a life-altering illness and are waiting on their wishes to be funded. We want to make that happen. All the money your organization donates is tax-deductible and for a great cause.

Fundraising Goal: \$30,000 to grant all four wishes.

Please contact us by **March 18, 2022**, so we can arrange logos by our print deadline.

Meet our Wish Kids!

Matthew is 8 years old and is a super sweet and laid-back boy! He is non-verbal so he loves to watch flashing lights and bright colors! Matthew and his family also love to spend time outdoors together, however with his condition he needs to be in shaded areas. His wish for a screened-in back porch area where he can enjoy the outdoors safely will allow him to do what he loves most along with the people he loves most and with your support we can make that happen!

Eden is 8 years old and has been diagnosed with Cystic Fibrosis. Eden has a kind soul and a spunky, fearless personality. She ALWAYS wears a skirt over leggings and a pair of rain boots, regardless of the weather. Eden is an animal lover and a Harry Potter fan! We adore her and even as she still imagines her wish we can't wait to help her make it come true!

Remi is 13 years old and has been diagnosed with Neoplasm. Remi's favorite color is yellow and she loves filling her time doing creative arts and crafts projects! She is a very kind-hearted person and despite everything she has been through on her difficult medical journey, she always keeps a positive attitude and is so excited to have her wish granted of going to Hawaii
